CPCOW 2019
China Int’l PCB & Assembly Show

Exhibitor Manual

March 19–21, 2019
National Exhibition and Convention Center (Shanghai)
Dear Exhibitors,

Welcome to CPCA SHOW 2019.

The 28th China International PCB & Assembly Show will be held between Mar. 19-21 at National Exhibition and Convention Center (Shanghai). This manual will provide you with important information including services, activities, conferences, arrangement of the show and all the application forms.

Please make full use of the manual and making sure to send back the related application forms before the deadline so that your requirements will be fulfilled in time.

Should you have any questions or inquiries, don’t hesitate to contact us. Please visit www.cpcashow.com for more information.

We wish you have a great success!

4. VENUE LOCATION

Traffic Map, Metro Map
NECC (Shanghai)
South Entrance: 168 East Yinggang Rd.
North Entrance: 333 Songze Ave.
East Entrance: 111 Laigang Rd.
West Entrance: 1888 Zhuguang Rd.

Metro Line 2 connects NECC,
Hongqiao Hub (Airport & Railway Station), Pudong Airport.
5. TRAFFIC TIPS

**National Exhibition and Convention Center (Shanghai) (NECC)** is located in the heart of Shanghai Hongqiao Business District. It is only 1.5km away from the Hongqiao transportation hub. Shanghai Metro Line 2 connects NECC with Hongqiao Airport and Hongqiao Railway Station. The surrounding highway network extending in all directions, two hours to reach the Yangtze River Delta of the major cities, transportation is very convenient.

**Here are some suggested ways to National Exhibition and Convention Center (Shanghai) (NECC):**

**NECC** is only 1.5 kilometers away from Hongqiao Airport terminal and about 60 kilometers from Pudong Airport. NECC can be directly accessed by Metro Line 2 from both airports.

**NECC** is only 1.5 km from Shanghai Hongqiao Railway Station and it is connected by Metro Line 2.

NECC is 25 km from the Shanghai Railway Station, and 23 km from Shanghai South Railway Station. If you travel from these locations, please take Metro line 1 to the People’s Square Station, then transfer Metro Line 2 to access the NECC directly.

**Self-driving**

The venue is situated at 333 Songze Avenue (Please enter the center via East Entrance GATE18 111 Laigang Rd if you are self-driving.)

Parking spaces: 5050 in total

Parking fee: 6 Yuan/hour, 48 Yuan maximum/day. This rate applies to cars or other light vehicles.

**Bus**

**Route 865** connects Shanghai Zoo Metro Station, Caohongqiao Development Zone, and Jinjiang Park Station;

**Route 706** connects Jiuting Metro Station;

**Route 776** connects Ziteng Road and Zhongshan Park Metro Station.
6. EXHIBITING HALLS

Venue
National Exhibition and Convention Center (Shanghai)
South Hall Entrance * Enter from South Plaza

7. ACTIVITIES & MEETINGS

Exhibitor Registration

<table>

- * space
- * fascia board
- * 2 folding chairs
- * 1 electric socket (220V)
- * carpet
- * 1 information counter
- * 1 waste basket
- * 2 spot lights

(Note: The above furniture and electrical equipment can not be replaced)

Shanghai SYMA-EXPO Ltd. has been appointed as the Official Constructor for shell scheme. The internal decoration of the booth should be arranged by exhibitors yourselves. For additional electricity, water, air or more furniture, please see Rental Order Forms and settle the related fares with SYMA directly.

Exhibitors may transport and move your exhibits by yourselves. You may also entrust the official freight forwarder, Rogers Worldwide (Hong Kong) Ltd. with the task.

Raw Space

for space no less than 36 m²

- Power, panel, carpet and furniture are excluded. Exhibitor needs to build the stand yourself.
- Booth management fee charged by the venue provider is not included in the fare for the space.
- 30% surcharge will be added for two-storey booth(s). The space of the upper floor should not be larger than the 50% of the base. ALL two-storey booths must be approved during booth application phase.
- Construction on raw space should be no higher than 4.4m for Single Deck and 6m for two-storey building.
Remarks

Exhibition Hall Technical Parameters
Exhibitors should be notified that the admissible floor load is 3,500 kgs/sqm and every freight gate is 8m(W) x 6.5m(H). Arrange your exhibits move-in properly according to these specifications. Whole Freight trucks are limited to 4.5m(H) and 17.5m(L).

Exhibitors are requested to pay attention to the above provisions of the weight and length restrictions, and as a basis for exhibits transportation.

All special booths are managed by the contractor - Shanghai SYMA-EXPO Ltd. (Single-deck booth height is limited to 4.4m)

All designs of two-storey booth are limited to 6m, and they shall be submitted to and approved by Han Consulting & Exhibition Co., Ltd. Shanghai designated by National Exhibition and Convention Center (Shanghai). After passing the audit, constructions can be proceeded inside the center by informing Shanghai SYMA-EXPO Ltd. Han Consulting & Exhibition Co., Ltd. Shanghai charges the inspection fee for two-storey booths, 50 yuan/sqm (re-inspection fee, 25 yuan/sqm)

Additional requirements for electricity, water and air or others, please see the related application Forms in the Exhibitor Manual.

11. SEMINAR / NEW PRODUCT TECHNOLOGY CONFERENCE

Please apply with the abstract in time. You will be informed with the Notice of Acceptance. Then please submit the outline and the thesis in word document (*.doc) and send to us in the attachment by email before Feb. 27, 2019.
12. ADVERTISEMENT & SPONSORSHIP

Thank you for your support for CPCA SHOW 2019! Your participation will put you in front of the largest customer group in the world. We will help you to make your products and service to be the focus of world attention.

An estimated 70% of the visitors and attendees will buy the recommended products and service. Now the problem is how to grab the attention of the large buying community. Your challenge is to drive more traffic to your booth — to capture more attention of the people of the profession.

You are welcome to select the advertisement and sponsorship for CPCA SHOW 2019. With a tiny expense, you will stand out in the competition. Order your sponsorship now!

CPCA SHOW 2019 Directory – BUYERS GUIDE

Every exhibitor is entitled to be listed in the book with a brief introduction in English and Chinese free of charge.

The Directory will be distributed to tens of thousands of visitors, buyers and organizations home and abroad.

It will be distributed to official and non-official trade and service organizations.

It will also be distributed at KPCA Show, JPCA Show, EIPC Show, TPCA Show, India IPCA and IPC Show in this year.

Advertiser will get 3 more copies of Buyers Guide.

13. VISA

This is a Business Invitation sent by the organizer. The organizer can send to the exhibitor an invitation for your visa application free of charge.

14. HOTEL RESERVATION

During the exhibition, hotels nearby the exhibiting venue will provide favorable price for your accommodation. Make sure you confirm the room(s) before Feb. 27, 2019. Due to a large requirement, you are suggested to reserve the hotel room(s) in an early time. The reservation will be subject to the real situation. For more information, please see Hotel Quotations and Reservation in the Manual.

**Procedure**

1. Select a Hotel → 2. Fill out the related Form → 3. Fax or email to the organizer →
4. Get confirmation → 5. Reservation completed

16. OTHER INFORMATION

Airport: There are two international airports in Shanghai. The venue is 60 km to Pudong Airport and 1.5 km to Hongqiao Airport.

Climate: The average temperature in March is about 12 degree centigrade.

Money: Currency exchange is available both in the hotel and at the airport. The official exchange rate is approximately USD 1 to RMB 6.90 by Dec. 2018.

Cash: It is advisable to bring enough cash or traveler’s checks for payment on site.

Insurance: Exhibitors and delegates are advised to effect their personal accident, property and exhibit insurance by yourselves.

Electric Power: The power used in China is 220 / 380 V, 50 Hz. The sockets and plugs used in China might be a little different from those in your home country. So we suggest you to bring a screwdriver to make modification.

17. EXHIBITOR’S MEMO

- Is your passport valid?
- Have you applied your visa?
- Have you applied the Badge for your personnel from the organizer?
- Have you printed your name card?
- Have you printed the propaganda material for your company/product?
- Have you sent the invitation cards to your customers?
- Have you checked all the documents and rules and regulations?
- Have you arranged for your exhibits shipped to the venue?
- Have you examined all the facilities in your booth?
- Do you need man power such as a translator or other personnel?
- Have you returned the form with some introduction to your company to the organizer?
- Why don’t you consider the Ad.? And sponsorship plan at the show?
- Do you want to try conducting propaganda for your company around the Hall?
- Have you considered holding a seminar / new product technology conference at the show?
- Are you looking for an agent for your products?

<td>Research Institutes, Associations, Media &amp; Information Consultation</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Cleanrooms Technology / Equipment</td>
<td></td>
</tr>
</tbody>
</table>

* Booths allocated after the deadline of application may not be arranged into the above-mentioned area.

■ Allocation Principles

The general floor plan will be arranged by the organizer. The right of finalizing the exhibiting zone and the number of the booths is reserved.

Applicants for more booths and space will be given priority. In case of the requirement of the same number of booths, the order is decided by ‘first come first serve’.

Each exhibitor should select immediately adjacent booths. Selected booths situated across the aisle from each other are not allowed.

2. EXHIBITOR

Exhibitors are prohibited to transfer, sub-lease or exchange their booths allotted to them to other parties without the organizer’s permission. Exhibiting of any items unrelated to the exhibition is strictly prohibited. In order to guarantee all exhibitors’ interest, the organizer is entitled to drive the related persons out of the venue. The related goods will be confiscated, and all payments are non-refundable.

Exhibitors are prohibited from forging, lending or selling their exhibition passes.

Exhibitors must maintain the noise levels of the exhibits or promotional activities no more than 75 decibels.

Exhibitors are prohibited from distributing their promotional materials outside their booths or in public areas. The organizer is entitled to remove the promotional materials and return after the exhibition.

If exhibitors withdraw from the exhibition, they are prohibited from sub-letting or transferring booths allotted to them to other parties. Under that circumstance, the Organizer reserves the right to re-allot the area.

Exhibitors should make sure the sign and mark of the products comply with the producing place. Any copying and pirating are strictly prohibited. The Organizer is entitled to quit the violator’s exhibiting. The entire paid participation fee is not refundable. The exhibitor will receive the punishment by government according to related laws and regulations.

3. SECURITY & INSURANCE

The Organizer shall provide personnel for maintaining order and shall take all security precautions in the interest of exhibitors and visitors during the exhibition. However, responsibility for guarding the stands and any articles during the build-up, exhibition and dismantling period shall rest with the exhibitors’ concern. The organizer shall not hold responsibility for any loss or theft of exhibits or any articles during the build-up, exhibition and dismantling period.

Exhibitors are solely responsible for the safety of their stands and personnel during construction, trading and dismantling. In addition to insurance for exhibits in transit between the port of shipment and the fair site, exhibitors are advised also to take out adequate insurance (fire, theft, water, accident, natural disasters and third party liability, etc) during the build-up and dismantling periods.
All exhibitors shall insure, indemnify and hold the organizer and the venue owners not liable with respect to all claims, demands and expenses to which they may be subjected as a result of loss or injury occurring to any persons howsoever caused while the said persons are examining or passing the booth during the exhibition. The liability or risks to employees, agents or exhibits shall be the sole responsibility of the exhibitors.

**Remark**

As ruled by the venue, NECC, a *security principal* should be appointed for any affairs of securities at the show by each exhibitor. The principal should always wear the Badge with his/her photo.

In the event of any occurrence not foreseen in these “Rules and Regulations” and terms stated in the Contract, the decisions from the organizers should be final.

4. EXHIBITING HALL REGULATIONS

**Booth Construction and Dismantling**

Materials used for the construction and installation of the exhibition booths and any other structures must consist entirely non-combustibles with a burning diffusion rate not lower than Class 2 as required both by the national and local fire-control regulations of Shanghai.

Any behavior which could hamper the normal operation of the fire protection system and central supervising system, including the fire-alarm bell contact, the fire hydrant, fire extinguisher and fire escape is forbidden.

Free movement in and access to the fire control aisles, emergency fire escape routes and emergency exit must be ensured.

A passage of at least 1.2 metres (4 ft) wide between any temporary structures and the fire hydrant, equipment room doors and alarm bell contacts must be maintained.

A repair passage of at least 1 metre wide between any temporary structures and the wall surface shall be kept.

Each row of the booths must not be longer than 32 metres, and all the passages must be at least 3 metres wide, and strictly comply with the standard booth layout provided by the Centre. The maximum height of construction is 4.4 metres for one-storey booths and 6 metres for two-storey booths. *Multi-storey booths are NOT allowed in halls.*

All the design drawings of one-storey booth of/higher than 4.4m or two-storey booths should be reviewed and approved by Grade A Registered Structural Engineer before building. The location, logo visibility, influence to the neighboring booths and total Hall arrangement will be examined carefully. The two-storey booth hence may not be approved and not be allowed after these considerations.

No objects can be attached to or suspended from the fire sprinklers or lighting fixtures on the ceiling. The spotlights and other heat-generating equipment should not focus on nor be stationed near the fire sprinklers (bearable temperature no more than 68 C/154.4 F).

The exhibitors shall inform all the non-official forwarders and stand-fitters to submit their workers’ name list as well as ID copies one week prior to the move-in, so that National Exhibition and Convention Center (Shanghai)(on the south square) can produce Access Cards for the workers. Personnel without Access Cards will not be allowed to enter the Center. Constructors for raw space should go through Real Name Authentication Procedure from the Center (15 days) in advance and obtain permission from NECC. The certificate shall be shown in the related area in building the booth.

Please find **Contractor Pass Register of National Exhibition and Convention Center (Shanghai)** via [http://www.neccsh.com/cecsh/watchexhi/applicationflow.jsp](http://www.neccsh.com/cecsh/watchexhi/applicationflow.jsp)

**Documents required:**

- Booth Contractor’s ID Card (2-nd generation)
- 2 copies of the ID Card (front and back)
- 2 copies of the Business License with seal
- Real Name Authentication Form
- Declaration of Exhibitor Nominated Stand Contractor for Raw Space
A Security Principal should be specially assigned by constructors, exhibitors and freight forwarders respectively. The personnel should bear the certificate with his name and photo in carrying out his responsibilities before any operation.

In entering the Center, all the forwarders and stand-fitters should wear safety helmets, without which they should not be allowed to enter by the security personnel.

The stand-fitters should carry out their work according to the floor plan approved by fire-control authority. No change is allowed without permission.

Shanghai New International Expo Centre shall be entitled to remove any form of construction or structure which is not approved or violates the above-mentioned guidelines. Exhibitors shall be responsible for risks and expenses if occur.

All workers entering into the Centre for special-type work must possess “Shanghai Special-type Operator Certificate” (electricians, welders or forklift drivers and etc.). Operators without certificates are not allowed to work. All relative operation rules and procedure must be strictly obeyed. Any peccancy operation and supervision are strictly forbidden.

**Rules of Examination of Booths Construction Plan**

In order to enhance the management of booth construction and ensure the safety of on-site construction in the Center, the following rules must be complied with by exhibitors and all involved parties:

All design drawings for special booths with a height of less than 4.4m, must be examined by Shanghai SYMA-EXPO Ltd.

All designs of two-storey booth shall be submitted to and approved by Han Consulting & Exhibition Co., Ltd. Shanghai designated by National Exhibition and Convention Center (Shanghai). After passing the audit, constructions can be proceeded inside the center by informing Shanghai SYMA-EXPO Ltd.

As to raw space construction, please see “Raw Space Construction” for details.

**Hanging Points on the Ceiling**
No hanging objects in the halls.

**Overhead Work**
Operators who are engaged in overhead work (height≥2M) must wear safety helmets and safety belts, and carry out necessary safety measures against injuries that might be caused by falling objects. Only qualified overhead operation tools may be used; unqualified ones are expressly prohibited. When passing tools or objects, throwing is forbidden. Methods such as hand-to-hand passing, or conveyance of tools or objects by bags, or lifting up and/or down with ropes, shall be adopted.

Unqualified operators are forbidden to do overhead work, and it is also strictly forbidden to do overhead work after drinking alcohol.

Operators must make a careful check and test on the jacks (chain blocks) before using them. During the operation, jacks cannot carry overload. In order to ensure safety, it is strictly forbidden to proceed when what is being loaded is unclear to the operator.

**Electrical Installation**
In the case of booths which require 24 hours power, or an extended supply of electric power, water, compressed air, gas or telephone connection, the organizers should apply to the Centre for permission in advance.

Safety inspection must be carried out by the venue provider before connecting electricity and gas. Upon receipt of the safety confirmation and the notice of connecting or gas electricity, Shanghai New International Expo Centre will inspect and supply electricity and gas to exhibitors within two hours.

The maximum electrical capacity and extra allowance shall be taken into consideration when applying for electric wattage. The electric facilities must not be overloaded or heat up, and the safe operation must be ensured.

The installation personnel for electric lines and facilities must hold valid electrician operation certificates.
Electrical material used in operation shall be qualified by the examination of the relevant authorities. Double-sheath copper wires and cable lines must be used, and the section of the conducting wires must be ≥ 1.5mm. Electrical materials must be equipped with enough safe loading capacity. It is strictly forbidden to use single wires with a sheath, twist pairs or aluminum wires. As to the configuration of wires, three-phase five-wire system shall be applied for the line voltage (L1 L2 L3 ,N , PE) and single-phase three-wire system for phrase voltage (L, N, PE).

All metallic structures and shells shall have a reliable grounding. The conducting wires should be fixed in a cellular or other form instead of being randomly installed on roads, grounds or doorways. Electric lines crossing passageway shall be protected by a cable bridge. When sub-circuits are connected, insulating porcelain and plastic joint must be used instead of being wrapped directly by insulating adhesive tape before any insulation protection measures are taken.

All portable/mobile electric tools used shall be qualified and comply with the "minimum requirement" regulations. Temporary power lines for construction must be sheathed copper wires with no joints in the middle and its length should be within 5 metres. It is strictly forbidden to put wires without plugs into receptacles directly.

The distribution box for standard exhibition stands must be installed in a cable duct in the exhibition hall, while the distribution box for special exhibition stands must be installed in a cable duct or in the exhibition stand. It is strictly forbidden to leave a distribution box in doorways, fire-control passages or any conspicuous place in exhibition stands.

High-temperature lamps like iodine-tungsten lamps and neon lights shall not been installed without permission and examination from the relevant authority. The installation height of neon lights shall not be less than 2.5 metres.

Outdoor electrical and lighting equipment shall be moisture-proof. Safety measures such as moisture-proofing and weather-proofing, etc. shall be implemented.

### Hazardous Materials

- Unless approved by NECC and the relevant authorities in written form,
  - a) No open fire or combustible gas is allowed to be used in the Centre.
  - b) No explosive, petrol and highly flammable toxic or corrosive substance are allowed to be used in the hall. Radioactive substance shall not be brought into the Centre.
  - c) No more than one day’s supply of any solid or liquid hazardous material shall be stored within the Leased Area or stands at any time, and the remainder should be stored in special containers and sealed in a location confirmed by government departments, National Exhibition and Convention Center (Shanghai) and the organizer.
  - d) Toxic wastes must be sealed in suitable containers with clear markings, and must be handled according to the relevant government rules governing waste disposal.
  - e) No smoking is allowed in Leased Area and anywhere in the Centre with non-smoking signs.

The following articles are forbidden to be exhibited in or brought into the Centre without the written approval from Center: arms, gums, swords, ammunition, explosives, inflammable materials, radioactive substances and any other dangerous goods, goods prohibited for import, goods infringing upon patent rights, goods that may affect the normal operation of National Exhibition and Convention Center (Shanghai), and any item prohibited by the relevant government departments.

### Pressure Tanks

The exhibitors shall be responsible for the proper transportation and storage of all pressure tanks such as those containing helium, compressed air, argon, carbon dioxide etc.

The exhibitors shall immediately remove improperly located pressure tanks to the appointed location once informed by the Center.

All pressure vessels and equipment brought into the Center must conform to all relevant safety standards and regulations. The safe pressure of the materials and tubes for pneumatic equipment shall be ≥15kg/cm², and the pipe joint must be fixed by hoop instead of iron wires or any other materials.
■ **Exhibit Demonstrations and Operation**

All machines for demonstration must be equipped with safety devices and running signs, which may be removed only when the machines are disconnected from power without any latent danger.

Working machines must be placed at a relatively safe distance from visitors. Use of safety guards is strongly recommended.

Any machinery or apparatus can only be demonstrated in the booth, operated and supervised by qualified persons. No motors, engines or power driven machinery are to be used without adequate fire-protection measures taken by exhibitors.

■ **Safekeeping of Belongings**

Exhibitors are responsible for the loss of any goods that are not entrusted to the Centre.

■ **Painting**

Large-scale painting is not permitted in the Centre. However, small “touch-up” painting of the exhibits and stands are permitted during the Move-in Period with all necessary safety precautions in place. These precautions include:

a) Painting in an area properly ventilated
b) Use of Non Toxic Paint;
c) Covering the entire floor within the Centre with dry paper or plastic film;
d) No painting near the Centre’s vertical structure (i.e. walls)
e) No washing of paint material within or surrounding the Centre.

■ **Floor Load-bearing**

The floor load-bearing capacity of indoor exhibition space is 3.5 tons/m². If there is any vertically vibrating part in the exhibit operation, the above-mentioned floor load-bearing capacity shall be reduced at least by 50%. It is prohibited to set up a booth or pile heavy goods on the two main cable pipelines in the exhibition hall. Should there be any question; inquiries are to be made with NECC before goods are moved into the hall.

5. **EXHIBITION VENUE**

**Electricity**

- The distribution box for shell scheme stands must be installed in a cable duct in the exhibition hall. (For raw space booths, the distribution box can be kept either in the cable duct in the hall or in their space.) It is strictly forbidden to leave a distribution box in doorways, fire-control passages or any conspicuous place in the stands. Lines and wires in the stands should be covered by fire-proof material such as metallic or PVC pipes. Keep a distance no less than 0.5 m in between lights and combustible materials.
- Electric wires should be qualified cable conductors or sheathed wires. Twisted pairs and aluminum wires are strictly prohibited.
- The connection of wires should be firm and tightened with standardized porcelain or plastic fittings for insulation.
- Wires striding over the passage should be covered by a bridge plate.
- Iodine-tungsten lamps and halogen lamps are not allowed to be surface mounted in the hall. Neon lights should be fixed no less than 2.5m in height.
- Electric appliances and objects may be electrified should have safe landing.
- Flammable materials should be kept away from the distribution box.
- All the electric operation staff should be holders of valid Electric Operation Certificates.
- Electric installation should strictly follow the Code of Design on Building Fire Protection and Prevention.
Booth Construction

- No hoiling, striking and pasting on the floors, walls and other parts of the halls.
- Supporting plates should be applied before moving and mounting super heavy machinery.
- The booth structure should be stable. In building raw space stands, only inflammable materials should be adopted. In case some flammable materials are necessary in some parts, they should go through fire-proofing treatment first. Elastic fabrics are not allowed in the building. The booth should never be sealed on the roof.
- Cargoes should be stacked properly. No dumping is permitted.
- In carpeting, double-sided tapes can be applied. Sponge tapes and other materials not easy to remove are not allowed.
- In no case should the fittings and facilities in the halls be moved or adjusted.
- No leading and leveraging on any fittings and facilities in the halls.
- No obstruction is allowed in fire control devices and passages. The aisle no less than 1.2 m should be kept in front of hydrants, computer rooms and alarm bells.
- No hanging on fire-control pipes and sprinklers.
- The wooden covering of the stands and booths should be treated with fire-proofing coating materials.
- Electrical welding is strictly prohibited.
- Naked flame is strictly prohibited.
- Paint spraying and coating are not allowed.
- No hanging of anything in the halls otherwise permitted by the venue.
- The approval and quantities are decided by personnel of the venue. The hanging shall be carried out by them only.
- Water and air can not be connect into directly into the hall. Proper taps and valves should be fixed beforehand.
- No dumping of sewage and oily stuff in the halls.
- Any appliances, machinery or chemicals considered hazardous by the venue will immediately be banned.
- In case there were damage done on facilities in the halls, the related party is liable for all the compensation and responsibilities.
- During the move-in and exhibition, anybody occupy fire-control passages or public areas will be under penalty of a fine.
- All the design drawings of one-storey booth of/higher than 4.4m or two-storey booths should be reviewed and approved by Han Consulting & Exhibition Co.,Ltd. Shanghai (Tel: 28906632, 28906633) in advance. Without the permission, any building will be stopped and not allowed by the organizer and the venue.

Staff for raw space building should wear Certificate granted by the venue into the hall. The contractor should go through Real Name Authentication Procedure from the Center (15 days) in advance and obtain permission from NECC. The certificate shall be shown in the related area in building the booth.

Please find Contractor Pass Register of National Exhibition and Convention Center (Shanghai) via http://www.neccsh.com/cecs/h/watchexhi/applicationflow.jspx
Transportation Vehicles

a) No vehicle is allowed into the hall without permission.

b) Vehicles entering and exiting the unloading area must take the unloading vehicle pass issued by the venue. Charges for unloading time are usually 300 yuan per vehicle deposit +50 yuan service fee. If there is any change in the individual exhibition, the actual notice shall prevail.

c) Vehicles are allowed to enter the venue if their height is more than 4.5 meters, and their length is no more than 17.5 meters (including the front). The speed of vehicles shall not exceed 5 km/h.

Vehicles pass applications
1. fill in the form of vehicle license
2. produce the necessary payment credentials
3. pay 300 yuan deposit and 50 yuan service charge to receive a card
4. entering and leaving the unloading area by using card billing system
5. refund deposit by using the card
6. Location: North Square exhibition hall – permission center

Others

- Smoking is prohibited in the halls.
- No cooking is allowed in the halls.
- Snacks should not be brought into the halls. Flower and green pots can be brought in for decoration only. Please get permission from the organizer or the venue. Selling of them will be stopped and the goods will be confiscated.
- Any flammable and explosive articles such as dissonant, paint, gas cylinders and pumps are not allowed to enter the halls.
- Exhibitors and contractors can not bring in the articles and facilities which can be provided by the venue.
- National Exhibition and Convention Center (Shanghai) reserves the final explanation in case of any occurrence or events not foreseen in the Manual of NECC.
- Exhibitors and contractors should abide by all the rules and regulations in this Manual. Any violation will be dealt with and under a certain penalty.
1. TRAFFIC GUIDING MAP

Rush hour in Shanghai is 7:30-9:30 in the morning, and 16:30-18:30 in the afternoon.

Please visit the “download center” on our office website “www.cpcashow.com” for updating the Newest traffic plan and route maps.
2. SHIPMENT REGULATIONS

- **Cargo Move-in**
  The freight vehicles should follow the guidance of security staff and unload in the appointed area. The territory of public areas, visitor passages and entrance lobby should not be occupied.

- **Cargo Delivery**
  The early shall go to the care of the official freight forwarder. The venue is not responsible for any cargo before move-in.

- **Containers**
  The official freight forwarder is responsible for the keeping and returning of the containers.

- **Vehicles**
  a) After vehicles reach the exhibition hall, they should obey the command of the staff and enter the designated parking area to park and wait according to the instructions. During the period of dismantling, the vehicles shall follow the instructions of the relevant personnel to enter the relevant exhibition areas to load.

  b) If the vehicle needs to enter the loading and unloading area, please go to the permission center of the exhibition hall for the "Carriage Area Permit" and "loading area vehicle access card", Security personnel have the right to prevent non-compliance entering the working area.

  c) Any loss or damage of the “Access card” will be fined at RMB 50 per pass.

  d) Deposit will be refunded in full value for parking time within 1.5 hour. 100 Yuan will be deducted from the deposit for every 30 minutes exceeding 1.5 hours, and therefore the deposit will not be refunded for parking time over three hours.

  e) The driver should follow the guidance of security staff and is forbidden to leave the vehicle unattended. Once the loading is finished, the vehicle shall be driven away immediately to avoid unnecessary traffic congestion for which the deposit will be deducted as a fine.

  f) Vehicles shall not be parked against fire exit doors or the offenders shall bear all the consequences arising therefrom. Illegal parking vehicles or storage of goods will be towed away or removed, the costs borne by the carrier or the owner.

  g) When loading and unloading cargoes, take effective measures to prevent damage to the facilities of the exhibition hall. Otherwise, the transporter or the owner will be responsible for compensation.

  h) The operation of vehicles in the exhibition hall should be strictly in accordance with the safe operation of the operating procedures, the operator must hold certificates. Vehicles entering the exhibition area should obey the routes published by NECC. The speed shall not exceed 15 km / h and the speed inside the exhibition hall shall not exceed 5 km / h.

IMPORTANT NOTICE

Dear Exhibitor,

In order to ensure the smooth customs clearance and handling of your exhibits at the above event, we wish to bring the following important points to your attention.

Pleased be informed that due to the rigid customs formalities in Puxi Customs, advance submission of ‘List of Exhibits’ form are required by Puxi Customs. Therefore please complete this document in English (in Excel Format) and send it to Rogers Worldwide (HK) Ltd. no later than 19 FEBRUARY 2019. Late submission of ‘List of Exhibits’ form will not be accepted by Puxi Customs!

The ‘List of Exhibits’ form is attached at the rear of our shipping guidelines. Please note that this form is the only approved format accepted by the Chinese Customs Authorities. Every exhibitor must submit this form to us without exception. Please do not use your own agents or company letterhead on any packing lists.

Thank you for your attention to this matter. Should you have any queries, please feel free to contact Mr. Frank Chen at Tel: 86-21-6270 0003 or Fax: 86-21-6270 0005.

Yours sincerely,

Frank Chen
Deputy General Manager
1. GUIDELINES ON FREIGHT FORWARDING ARRANGEMENTS

We are pleased to advise that Rogers Worldwide (HK) Ltd. has been appointed by the Shanghai Yingzhan Business Service Co., Ltd. as the official forwarder for The 28th Int’l Electronic Circuits Exhibition. Exhibitors and their agents are therefore requested to consult with us over any matter concerning the forwarding of exhibits to Shanghai.

Shanghai Rogers Exhibition Services Ltd. Rogers Worldwide (Hong Kong) Ltd
Room 1803, Block A, New Century Plaza, Unit C, 9/F, Nathan Commercial Bldg.,
No. 48 Xing Yi road, Shanghai 200336 China 430-436 Nathan Road, Kowloon, Hong Kong
Tel: 86-21-6270 0003 Tel: 852-2111 1151
Fax: 86-21-6270 0005 Fax: 852-2111 1150 / 52
Ctc: Frank Chen Ctc: Ronny Fan/Marco Lung
E-mail: info@rogerssha.com E-mail: info@rogershk.com

To ensure the smooth handling of exhibits please read our guidelines carefully, as failure to comply with the forwarding regulations is likely to cause delays and additional expenses.

2. CONSIGNEE

All cargo must be shipped prepaid and **consigned** as follows:-

**SEAFREIGHT**
Shanghai Rogers Exhibition Services Ltd.
Room 1803, Block A, New Century Plaza,
No. 48 Xing Yi Road, Shanghai 200336 China
Tel: 86-21-6270 0003
Fax: 86-21-6270 0005
Ctc: Ryan Song
C/o The 28th Int’l Electronic Circuits Exhibition
USCI: 913101187293582508

*According to the current Customs regulations, all incoming airfreight shipments must issue both a MAWB & HAWB with USCI codes. Failure to comply with this new compulsory regulation will cause delays, incur additional costs and we may not be able to clear your shipment in time for opening.

*A clear product description must also be stated in both master and house AWBs. "Exhibits" is not acceptable!

**AIRFREIGHT** - House Airway bills must be provided, consigned as follows:

MAWB (Master)
SHANGHAI THREE STAR AIRCARGO CO., LTD
TE 0086-21-68354476
ATTN: SHEN YAN
C/o The 28th Int’l Electronic Circuits Exhibition
USCI: 91310109780587091W

HAWB (House)
Shanghai Rogers Exhibition Services Ltd
Room 1803, Block A, New Century Plaza,
No. 48 Xing Yi Road, Shanghai 200336 China
Tel: 86-21-6270 0003
Fax: 86-21-6270 0005
Ctc: Ryan Song
C/o The 28th Int’l Electronic Circuits Exhibition
USCI: 913101187293582508

* Please note that any shipment not consigned to the above will cause a delay in customs clearance and in turn an additional handling charge will be levied for rectification of same. (Please refer to Page 15, point 16 of our tariff section)
3. CARGO DEADLINES

* Exhibits in Hong Kong
  - for forwarding to Shanghai by Sea - 20-22 February 2019
  - for forwarding to Shanghai by Air - 1-3 March 2019

* Exhibits from abroad to Shanghai direct
  - By Seafreight to Shanghai Port (Full containers & LCL) - 4-6 March 2019
  - By Airfreight to Shanghai Airport - 4-6 March 2019

Cargo arriving after our deadlines will incur a 30% late arrival surcharge. Cargo arriving earlier than specified will be charged storage fees, as detailed in our handling tariff.

4. IMPORTANT SCHEDULE NOTES

If there is a second carrier for transhipment via Hong Kong, Japan or Korea, the memo bills of lading issued by the second carrier must also be sent to us.

For full container-load cargo, it is essential
✓ to specify in the B/L service code at destination is CY/CY, and
✓ that exhibitors must inform the shipping line that the container is to be onforward to exhibition site and will only be returned to container depot after exhibition opens. If exhibitors intend to keep the container at the fairground for return shipment, they have to liaise with the shipping line at the port of loading to rent the container for return shipment, and send the relevant documents to us before the exhibition opens, showing that the container is allowed to be kept at the fairground.

5. EXHIBITION DOCUMENTS

List of Exhibits Form - This form is approved by the Chinese Customs Authorities and as such is the only invoice format accepted for exhibition cargo. Every exhibitor must submit this form to us without exception. Please do not use your own agents or company letterhead on any packing lists as this is not acceptable.

A detailed and accurate description of exhibits, including major components and serial numbers must be declared on the list, (particularly in the case of televisions, computers and high-tech equipment). Catalogue, display materials, gifts and foodstuffs must also be specified with exact quantities and values.

Please complete this document in English and send them to Rogers Worldwide (HK) Ltd, to arrive no later than 10 days prior to the arrival of your goods in Hong Kong or China. The cost of translating invoices into Chinese will be billed to you together with the freight and handling charges.

6. FUMIGATION REQUIREMENTS

With effect from 1 January 2006, fumigation must be arranged in the country of origin prior to shipment to China for ALL WOOD PACKING MATERIAL (WPM). This includes wooden block cases/crates, wooden pallets, wooden frames, wooden drums, chocks & stow-wood, cross-ties and so on.
To ensure the WPM is properly treated either by Heat Treatment (HT) or Methyl Bromide (MB), the following information MUST be marked or stamped on the outside packing (as per the following sample).

1. IPPC Logo
2. ISO country code (XX)
3. Unique number assigned to the company (which carries out the fumigation procedure) by the national plant protection organization (000)
4. Fumigation method either HT - Heat Treatment or MB - Methyl Bromide (YY)

![IPPC Logo](image)

To support the treatment, exhibitors must also produce their own declaration on their company letterhead for customs clearance purposes. This must be attached the original master air waybill (for airfreight consignments) and enclosed along with the original bill of lading and couriered to our local office (for seafreight shipments).

The original declaration letter must be made out as follows:-

To:
Name of exhibitor
Stand Number
Name of exhibition
c/o Rogers Worldwide

Our exhibition materials for the above event, comprising xxxxx (insert the total number of packages utilizing wooden packing) cases, have been fumigated at xxxxxxxx (name of origin port) and carry the following IPPC logo and markings xxxxxxxx (state the exact Registered Fumigation Number i.e. XX-000 YY).

Authorised Signature
Endorsed by company chop (stamp).
Date.

WOOD PACKING MATERIALS WITHOUT ACCEPTABLE CERTIFICATES OR MARKINGS WILL BE DESTROYED OR REJECTED FOR COMPULSORY RE-EXPORT WITHOUT ENTRY INTO CHINA.

For cargo with non-wood packing materials, the cargo owner must provide a non-wood packing declaration, on company letter-head, signed with authorized signature and endorsed by company chop. The original declaration letter must be attached to the original Master Airway Bill or couriered to our local office in China for Customs clearance purposes.

7. SHIPPING NOTIFICATION & PREADVICE

The following deadlines for documents and shipping preadvice must be strictly observed and Rogers Worldwide will not be responsible for any consequences or delays resulting to the late supply of same.

A) Shipping Preadvice

By fax to: Rogers Worldwide (HK) Ltd & Shanghai Rogers Exhibition Services Ltd
Fax: 852-2111 1150 / 2111 1152 Fax: 86-21-6270 0005
Once shipments have been made by Sea or Air, please advise our Hong Kong & Shanghai offices by fax with the following details. Please fax a copy of the B/L or AWB and each page of your Chinese invoice/packing list. We also need:

- Number of packages, volume & weight, date of departure and arrival; and

For **Seafreight** - Name of vessel, ocean B/L number, (and second carrier details if any).

For **Airfreight** - Flight number, MAWB number.

Please do not use House AWBs as this will cause difficulties in the tracking shipments and in turn delays in customs clearance. Any shipments sent under House AWBs will incur an additional handling charge for rectification of same. (Please refer to point 14 of our tariff section)

Deadline for shipping advice:
- Seafreight - 7 days prior to arrival of vessel.
- Airfreight - 48 hours prior to arrival of flight.

**B) Document Distribution - Seafreight**

* Exhibits despatched direct to China

Please courier one set of original B/L's to our office in Shanghai no later than three days before vessel is due to arrive. (A separate original must also be couriered to Rogers Worldwide in Hong Kong).

**8. HAND CARRIED EXHIBITS**

We do not recommend that you hand carry exhibits into China. However, if you cannot avoid using this method and your samples are detained by customs please hand over the detention receipt and List of Exhibits (duly filled) to Rogers Worldwide's staff at the fairground and we will arrange the collection of your goods from the airport. Exhibitors arriving late with hand-carried exhibits must be made aware that the Customs formalities and pick up procedures may take one or two days.

Exhibitors may also encounter problems when they hand-carry exhibits out of the exhibition halls since Customs prefer these exhibits to be returned as a shipment.

If Customs at the airport allow exhibitors to take the hand-carried items to the exhibition centre, exhibitors should register the exhibits with the organizer's Chinese counterpart. Exhibitors with exhibits borrowed from local organizations should also register details of these items with organizer's Chinese counterpart. Without proper registration, exhibitors will have problems taking their exhibits out of the hall after the show.

**9. CATALOGUES & PUBLICITY MATERIALS – CENSORSHIP**

The General Administration of Press and Publication of the People’s Republic of China stipulates that all advertising materials (such as printed matter and giveaway items) and technical information materials in all media shall be allowed for display or use at the exhibition, only after customs has inspected and approved the censorship clearance.

Exhibitors are requested to submit samples of literature (2 copies each) and souvenirs (2 each) in advance to Rogers Worldwide with a List of Exhibits (LOE). All promotional materials will be provided to the Chinese Customs for inspection in advance, and should arrive with Rogers Worldwide no later than 45 days before opening of show.

Films/slides/video tapes/CDs, VCDs, DVDs are not allowed to be distributed or consumed during the show. Importation is permitted strictly for demonstration purposes only and must be (100%) returned to origin after
the close of the exhibition. Censorship must be submitted at least 45 days prior the shipments arrival in China and Rogers Worldwide cannot accept responsibility if consignments are detained/delayed due to the absence of a video temporary import license issued by the local authorities.

In addition, exhibitors are advised that brochures, giveaways and souvenirs are subject to import duties as assessed by the Chinese Customs Authorities which are payable on entry. Please note that the import of alcoholic drinks, cigarettes and foodstuffs for exhibitions are also restricted by Chinese Customs.

When Taiwan or Hong Kong is mentioned in the promotional materials, exhibitors should avoid using any expression from which one would misinterpret that Taiwan or Hong Kong is in a position equivalent to a country.

10. HAZARDOUS OR DANGEROUS CARGO

Will be subject to a 50% increase against official tariffs and please note that we are unable to arrange return of any hazardous or dangerous cargo!

All kinds of batteries are now considered as dangerous cargo by air and shipping lines in Hong Kong and bookings will not be accepted for batteries unless we are able to provide the carrier with the "material safety data sheet" and recognized laboratory test report from the manufacturer. No guarantee of acceptance of your cargo can be given by the airline/shipping line even if we have furnished them the requisite documentation.

In order to avoid any problems we would strongly suggest that you to remove any batteries contained in your products prior to shipping. Please visit the IATA (International Air Transport Association) website for dangerous cargo regulations for more details.

http://www.iata.org/whatwedo/cargo/dgr/Pages/lithium-batteries.aspx

11. INSURANCE

As the official tariff is computed on a volume/weight basis and has no correlation with the value of exhibits, it follows that the cost of insurance cover is not included in our charges. It is the responsibility of each exhibitor to arrange a comprehensive marine insurance policy covering transport to the exhibition, during the exhibition, and the return of exhibits to domicile, including the period the exhibits are handled by us, and also ensure that transport insurance is arranged for any exhibits sold locally.

It is advisable to insure the exhibits through a company of which the People's Insurance Company of China is the agent in China. Exhibitors should also bring a copy of the insurance policy to China as it will be required in case we need to file a claim for damage/loss on your behalf or arrange a local survey report.

12. HEAVY & OVERSIZED EXHIBITS

This applies to any single exhibit in excess of 1000 kg and 5.00 cbm, that requires the use of a forklift or mobile crane for installation.

Exhibitors with heavy or oversized exhibits must be on site at least two days before opening to direct the operation of unpacking and positioning. If a mobile crane or forklift is required for installation of equipment, exhibitors should send their handling requirements to us in advance. A detailed layout should also be provided to better assist our on-site operations. If exhibitors with oversized cargo do not arrive
on-site in good time and the organiser requests us to unpack and position exhibits unsupervised, we shall handle this operation at the exhibitor's risk. PLEASE BE SURE TO ARRIVE EARLY!

Cases for heavy exhibits should be constructed where the sides are joined by bolts rather than by nails or screws. This will prevent the case from being damaged during unpacking and will save considerable time, especially during the exhibition breakdown. Please mark the front side of the case clearly to ensure correct positioning and indicate all lifting points, together with the centre of gravity. We will not provide any packing materials for return exhibits, so exhibitors should ensure that they have adequate and appropriate packing materials for repacking at the close of the exhibition.

13. PACKING

Exhibitors shall be responsible for the consequences of improper packing.

i. Protection against Damage and Rain
As the exhibits are repeatedly loaded and unloaded during transportation; shocking/bumping will sometimes be inevitable. Exhibits will be placed outdoors many times, including open-air storage at the exhibition centre before and after the exhibition. Therefore, exhibitors must take necessary precautions against damage and rain, since our Chinese partner will not assume any responsibility for the damage, especially when the return exhibits are to be packed with used packing materials (the case as well as aluminium foil, plastic covers etc very often would have been damaged already during unpacking).

ii. The Case
The case must be strong enough to avoid damage during transportation as well as unpacking, and in particular, be suitable for repacking, (for sale or return movement after the exhibition). Packing in cartons is not considered suitable for repeated handling, especially for valuable or delicate equipment.

iii. Maximum Dimensions, Weight and Floor-Loading Capacity
Due to the restrictions of the exhibition halls, special arrangements are required when the following constraints are exceeded:

<table>
<thead>
<tr>
<th>Dimension</th>
<th>Constraint</th>
</tr>
</thead>
<tbody>
<tr>
<td>Width (meter)</td>
<td>8.00</td>
</tr>
<tr>
<td>Height (meter)</td>
<td>6.00</td>
</tr>
<tr>
<td>Floor-loading (kg/sq.m.)</td>
<td>5000kgs/sqm</td>
</tr>
</tbody>
</table>

Exhibitors shall be responsible for all consequences if they send to the show any exhibits with dimensions and weight that exceed the limits mentioned above.

14. MARKING

The following marking must be painted on two opposite sides of each case.

**The 28th Int'l Electronic Circuits Exhibition, 19-21 March 2019, National Exhibition and Convention Center, Shanghai**
c/o Rogers Worldwide (HK) Ltd

<table>
<thead>
<tr>
<th>Nett Weight</th>
<th>kg</th>
<th>Exhibitor</th>
</tr>
</thead>
<tbody>
<tr>
<td>Gross Weight</td>
<td>kg</td>
<td>Stand No.</td>
</tr>
<tr>
<td>Dimensions L x W x H (ems)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Case Number (Cases Must Be Numbered In Sequence)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
15. CUSTOMS CLEARANCE

We will handle the Customs formalities on your behalf, however, on some occasions the presence of exhibitors will be required. As Customs require the official forwarder to be responsible for the control of all exhibits, exhibitors should not allow their exhibits to be taken away from the show ground without the prior agreement of Customs, via Rogers Worldwide.

16. UNPACKING/REPACKING ON-SITE

We will assist you in physical unpacking and installation of exhibits, however exhibitors must supervise and be responsible for these operations. For this purpose, a representative of the company must be available on-site during the move-in period. If exhibitors arrive on-site late, or, instruct us to arrange unpacking or repacking unsupervised on their behalf, we shall handle these operations only at the exhibitors’ risk.

Similarly, during exhibition closing, exhibitors must also supervise the dismantling and repacking of exhibits, especially for delicate or heavy equipment. When exhibits are repacked with used packing materials, the packing may use no longer suitable to protect the equipment against damage/moisture, compared with the original. Exhibitors must therefore bear the responsibility for any consequences arising therefrom.

17. EXHIBITION CLOSING PROCEDURES

The following documents will be distributed to exhibitors before closing.
* a copy of the List of Exhibits previously submitted to customs;
* a Disposal of Exhibits

We will start to return empty cases to stands on the closing day after all visitors have left, and will assist exhibitors with repacking and undergoing Customs formalities. In order to ensure the closing of the exhibition can proceed smoothly, those exhibitors with heavy and oversized exhibits may be required to repack their exhibits on the next day. Our on-site representative will inform exhibitors of the exact arrangements during the exhibition.

Exhibitors are requested to declare on their List of Exhibits form the following information.
- sold;
- to bonded warehouse;
- to be returned (port of destination/mode of transport)
- consumed;
- abandoned.

Please fill out and return the Instructions for Disposal of Exhibits together with the List of Exhibits to us at least 3 hours before closing. If exhibitors fail to give explicit instructions no Customs formalities can be carried out, and their exhibits will be left to Customs disposal, all charges being for the exhibitors’ account.

Please pay special attention to the following Customs’ regulations:
- declaration of the contents in each package must be correct;
- items other than those declared exhibits (e.g. personal effects, souvenirs bought in China) are absolutely not allowed to be returned together with exhibits.

Violations of these regulations will result in confiscation and heavy fines imposed by the Chinese Customs.
Please do not leave the exhibition halls before handing over your packed cargo and instructions to our staff. Once these documents have been processed with Customs and the relevant transport departments, changes will not be accepted. The return of all exhibits will be arranged when Customs formalities have been finalised and exhibits handed over to Chinese carriers for re-export. BEWARE, the demand for transport facilities is great and exhibitors should not expect their cargo to physically depart from Chinese Ports within two to three weeks of closing. If an expedited export service is required this must be requested at least one month in advance and full instructions/revised documentation should be sent to us at the same time.

18. PAYMENT TERMS & CONDITIONS OF BUSINESS

Companies using Rogers Worldwide or its appointed agents will be invoiced by them for all services. Companies shipping other than by our offices or agents are advised that full payment must be received by us as follows:

Inward : Upon uplift of goods, prior to delivery to stand.
Outward: Upon presentation of invoice/prior to return of exhibits to sender.

All payment must be made without any deduction or deferment on account of any claim, counterclaim or off-set, and remitting bank charges are to be borne by the remitter.

Personal or foreign cheques are not acceptable. Payment can be made by Telegraphic Transfer to our account as follows:-

NOTES ON TARIFF

* This tariff applies to all inbound & outbound cargo. Return movement charges are identical to the inward movement.
* This tariff applies per shipment, per exhibitor.
* Hazardous or dangerous cargo will be subject to a 50% increase against official tariff.
* Full container loads will be charged at a minimum of 23 cbm/20' and 46 cbm/40' and 50 cbm/45'.
* The volume/weight ratio for airfreight cargo will be calculated at 6:1 and charged based on whichever yields the greater.
* Cargo arriving after our deadlines will incur a 30% surcharge on basic prices.
* Shipments routed over Hong Kong will incur destination terminal handling charges which will be passed on as per outlay. Overtime storage will also be charged at cost. (Approx. RMB 3,155.00/40', RMB 2,075.00/20', RMB 290.00/LCL – Min. RMB 415.00 and RMB 3.75/kg Airfreight – Min. RMB 498.00).
* Terminal handling charges in Shanghai - Seafreight shipment : RMB 250.00 per cbm for LCL cargo (Min. 3 cbm per consignment per exhibitor) RMB 2,325.00/40', RMB 1,495.00/20'. Airfreight shipment : RMB 2.50 per kg (Min. 100 kgs per AWB per exhibitor)
* Magnetism Inspection Fee for airfreight return : RMB 1.50 per kg (min. 100 kgs) plus handling fee RMB 1000.00 per shipment. As the airlines implement strict security rules and will ask for magnetism detection & protection for many sensitive items by air transportation including electric equipment, computer, speaker and etc., we will bill magnetism inspection fee if the detection and protection is incurred.
* Telex Release handling charge – RMB 700.00 per B/L
* Important notice - our quoted THC fees would usually cover all associated terminal handling charges for direct shipments arriving at Chinese ports/airports. However, if cargo is shipped via LCL or groupage consolidation via a Shanghai breakbulk agent, we reserve the right to pass on any additional storage charges, documentation and handling disbursements as per outlay, supported by the agents’ invoices.
* Cargo despatched under freight collect basis will be paid on your behalf plus a 10% prepayment fee.
* Shipping company warehouse handling fee will be charges at RMB900.00 per exhibitor per consignment (for LCL shipment in HK).
* Prices include 14 days free storage in Hong Kong calculated as the 7 days prior to our last receiving date for inbound goods, and 7 days after arrival back in our Hong Kong godown for outbound goods. Additional storage in Hong Kong if required will be charged at RMB 290.00 per m3 per month. (Minimum 1 month)
* Companies using Rogers Worldwide or it’s appointed agents as forwarders will be invoiced by them for all services. Companies shipping other than by our office or agents are advised that full payment for on-site services must be received by us before the close of the exhibition in China.
* All cargo originating or in transit via Hong Kong will incur Government Import/Export declaration fees of 0.05% of the declared value, min. RMB 250.00 per exhibitor/declaration. These charges are payable on both the inward and return movements.
* Shipment under ATA Carnet will incur inspection fees of RMB 1500.00 per Carnet.
* Return sea shipment from or via Hong Kong will incur a documentation fee of RMB 665.00 per consignment.
STORAGE CONDITIONS

1) The owners/Agents forwarding goods for the storage (hereinafter refer to as “the Depositors”) hereby declare that they are the Owners of the authorised Agents or the Owners of the goods, and in forwarding the goods for storage accept these conditions for themselves and all other parties on whose behalf they are acting or who may in any way be concerned with the said goods.

2) Goods received for the storage are not insured by Rogers Worldwide (H.K.) Ltd. (hereafter referred to us “The Company”) and are entirely at the risk of the Depositors. The Company will however effect an insurance of the goods on behalf of the Depositors if requested to do so by the Depositors in writing provided that the premium in respect of such insurance is paid or agreed to be paid by the Depositors.

3) The Company will not be responsible for the condition or contents of any goods received for storage, nor for loss of weight, nor for any damage to the said goods before or whilst being stored or remaining in storage caused by dampness, termites, burglary, theft, Act of God, Enemies, hostilities, strikers, lockouts, riots, civil commotions, affects of climates, monsoons, tempest, torrential rains, floods, temperature changes, heat, fire, lighting, earthquake, explosion, vermin, white ants, unprotected or insufficiently protected casting or machinery, defective or insufficiently protected casting or machinery, defective or insufficient packing or packages, obliteration of marks, hook holes, tearing of covers, bursting of bands or hoops, leakage, rust, decay, sweat, mildew, dry rot, evaporation, fumigation, accidents, latent defect of the storage containers, inherent vice or circumstance over which the or any part or parts therefore to any part or parts of their storage container for storage.

4) The Company may refuse to deliver to any person the goods deposited or any of them unless the storage charges hereunder accrued due and all others sum if any owed by the Depositors to the Company shall have been previously paid.
CONFIRMATION OF ACCEPTANCE (CoA)

1) PLEASE RETURN IF:
   • You are a Hong Kong exhibitor
   • You are an Overseas exhibitor shipping directly to Rogers Worldwide, without contracting our offices or agent in your country of origin.

DO NOT RETURN IF:
   • You are using the services of our recommended overseas offices or agents

2) STANDARD TRADING CONDITIONS
   All work is undertaken at owners risk and otherwise in accordance with our terms and conditions of trading, a copy is available upon request.

3) TERMS OF PAYMENT
   Inward : Upon uplift of goods, prior to delivery to stand.
   Outward : Upon presentation of invoice/prior to return of exhibits to sender.
   All payment must be made without any deduction or deferment on account of any claim, counterclaim or off-set.

   Personal or foreign cheques are not acceptable. Payment can be made by Telegraphic Transfer to our account as follows:-

   HSBC
   HAY WAH BUILDING BRANCH
   G/F HAY WAH BUILDING
   71-85B HENNESSY ROAD, WANCHAI, HONG KONG
   A/C NO. 110-846482-001 (HONG KONG DOLLARS)
   OR
   A/C NO. 110-846482-838 (U.S. DOLLARS)
   SWIFT CODE: # HSBCHKHHKH
   PAYABLE TO: ROGERS WORLDWIDE (HK) LTD.
   (Remitting bank charges are to be borne by the exhibitor).

4) INSURANCE
   As the official tariff is computed on a volume/weight basis and has no correlation with the value of exhibits, it follows that the cost of insurance cover is not included in our charges. It is the responsibility of each exhibitor to arrange a comprehensive marine insurance policy covering transport to the exhibition, during the exhibition, and the return of exhibits to domicile, including the period the exhibits are handled by us, and also ensure that transport insurance is arranged for any exhibits sold locally.

   It is advisable to insure the exhibits through a company of which the People's Insurance Company of China is the agent in China. Exhibitors should also bring a copy of the insurance policy to China as it will be required in case we need to file a claim for damage/loss on your behalf or arrange a local survey report.

5) EXHIBITOR'S ACCEPTANCE
   Use of ROGERS WORLDWIDE (HK) LTD's services - be it partly or in full - and any requirement for additional services at any time before, during or after the exhibition, expressed orally and/or in writing and/or by conduct, implies acknowledgement and acceptance of the Standard Trading Conditions and the foregoing terms numbered 1, 2, 3 and 4 above.

Dear Exhibitor,

We are pleased to announce that, in our capacity as the official freight forwarders and handling contractors, are able to offer vacuum packaging and re-sealing of sensitive machinery for the return movement of exhibits from Shanghai.

Our charges for this service will be as follows:

- RMB 375.00 per cubic metre (Min. 3 cbm) – with packing materials
- RMB 250.00 per cubic metre (Min. 3 cbm) – without packing materials

The above rates include the appropriate supervision on site. All standard handling and repacking services remain as per our previously issued tariff.

NB: INSURANCE IS NOT INCLUDED.

Should you wish to take advantage of this facility, please complete and return this form to us by fax at (86-21) 6270 0005 / Attn: Mr. Edmond Siu no later than 28 February 2019 and we will make the necessary arrangements. Failure to adhere to the above deadline will result in our being unable to assist with this service.

In the meantime we look forward once again to being of service to you and to seeing you at The 26th Int’l Electronic Circuits Exhibition.

Yours truly,

Rogers Worldwide (HK) Ltd.

Dismantling and Move-out
16:00-22:00, March 21, 2019

As to the construction and dismantling, please contact the official contractor timely.

Early dismantling before the end of the show is not allowed. In case of any infringements, the organizer is entitled to stopping and will reserve the right to take action according to the respective rules and regulations.

IMPORTANT NOTICE

The hall management fee will be charged by the official contractor SYMA-EXPO, Syma will send in voice to you when they received the order form of the main power supply. If not received any reply, please contact;

If the exhibitor want overtime working, please get the approval from the organizer firstly and then pay to the official contractor SYMA-EXPO by cash (CASH ONLY). Please apply the overtime before 15:00 every day, there will be 50% surcharge later;

Please ensure that the covers of the utility holes on the floor can be open during the whole exhibiting on Otherwise, it will influence the electricity supply and the maintenance work. Please consult to the official contractor the detail location of the utility holes on your booth;

All the main power box (including the machine using box) are required to connect one exhibitor’s own distribution box. This box must be with the leakage protector and the original cover. The electrician of the venue will be inspecting every booth on-site;

All the transformed shell scheme booth should order the main power. Each different design styles booth should divide to order the main power, even if this one booth in the floorplan;

The venue is strictly prohibited the exhibitor bring air compressor by themselves. Please order the air compressor before the deadline. The on-site order can not be guaranteed;

As the structure limited of the exhibition hall , some main power and air compressor probably sourced from the other booth. Organizer and official contractor will try to coordinate. But, if the above situation happen, hoping to get your understanding.
4. ON-SITE SERVICE
During the move-in and move-out time, the official booth contractor will set up their stand for the related service for exhibitors. Please go to their personnel for construction and rental order. Be sure to finish the booth construction work before the required time.
Overwork during the move-in period may get permission from the Venue (lobby near Gate 3) before 15:00 everyday. Related fee may be charged against this service. **Overwork Management Fee (min 1h)**

Further arrangement will be subject to the real situation.

5. FASCIA BOARD
Should you find any mistake on the fascia board, you may contact personnel of SYMA for the amending.

6. RENTAL ORDERS
For all the rental order of additional power, water and others, exhibitor should contact the official booth contractors directly beforehand. In case you have special requirements, we suggest you provide the related data and parameter and attain the confirmation from SYMA as to the matter. The payment for the rental order should also be settled with them directly.

7. LABORS’ PASS
The entrusted booth constructor should be responsible for applying and attaining Access Cards for the workers.
The exhibitors shall inform all the non-official forwarders and stand-fitters to submit their workers’ name list as well as ID copies one week prior to the move-in, so that Shanghai New International Expo Centre can produce Access Cards for the workers. Personnel without Access Cards will not be allowed to enter the Center. Constructors for raw space should attain Permits from the Centre in advance and put up in the site before any operation. **National Exhibition and Convention Center (Shanghai) Co., Ltd. will charge RMB 30/card.**
Please visit www.neccsh.com/cecs/watchexhi/applicationflow.jspx

**Please note:** The certificates for the contractor’s personnel are different from the badges for exhibitors. For the order of the show, exhibitors should not apply badges for your contractor.

8. BOOTH CONSTRUCTION
- Company name or logo on the back walls or side-walls of the neighboring booth / space are not allowed. Any structure or board for exhibiting should be at least 1.5 meters apart from the neighboring booth / space.
- The part of back walls or sidewalls over 2.5 meters should be made smooth and painted with white dope or paint.
- Except the organizer, any construction, exhibiting or decoration should not surpass the ground floor and vertical space of the booth.
- Blocked space should not occupy more than half of the total space.
9. RAW SPACE APPLICATION & CONSTRUCTION

- For the construction of non-standard booth or the booth higher than 2.5 meters, please send the blueprint of designing and building (2 copies for each) to Shanghai SYMA EXPO Ltd. 3 weeks before the exhibition. Reply will be sent to you in 5 working days after receiving all the documents.

The designing drawings of a 2-storey booth construction should be reviewed and approved by the Grade A Registered Structure Engineer, Han Consulting & Exhibition Co., Ltd. Shanghai. The fee for two-storey booth is RMB 50/sqm (re-inspection fee, RMB 25/sqm).

- The entrusted non-official booth designers and booth constructors should abide by all the security procedures stipulated by the venue, SNIEC. Their qualifications shall be checked by the venue before the exhibition. If they are up to standards, the contractor should pay 20 Yuan/sqm/show and a deposit for the management fee of raw space construction.

- Only the space larger than 72 square meters can make a written application to build two-storey booth. The exhibitor will be charged by 30% of the total rent fee of the booth.

- Exhibitors shall guarantee that the entrusted non-official booth constructor will comply with all the rules and regulations of the exhibition.

- For more furniture or any rental order of electricity, water and compressed air, please consult the Official Constructor’s Manual.

- The maximum height is 4.4 meters for one-storey booths and 6 meters for two-storey booths. (The transformed shell scheme should not higher than 4m.)

- The part of back walls or sidewalls over 2.5 meters should be made smooth and painted with white dope or paint.

- A back wall or partition must be installed for raw space stand structure, except island stand, to separate from the neighboring booth. In case the view of other booth / space is obstructed by your walls, the organizer is entitled to ask for removing, reconstructing, lowering or shortening of the wall. Plate or construction paper must be underlaid under the back wall to protect the floor surface. The side facing the neighbouring stand must be white and must not bear any logos or trademarks of the exhibitor. Please finish this before 9:00 p.m. on March 18. If not, the official contractor will cover your back side. The charge of RMB100/sqm will be deducted from your deposit.

- The part of back wall exceeding the lower neighboring should be made smooth and painted with white dope or paint. That part can reasonably be used by its neighbor.

- No hanging is allowed in the halls.
- For power supply, the distribution box should be jointed and properly set.
- Fire-protection: All the covering and coating should be fire-proof.

10. DISMANTLING

Any activities of dismantling before the official time are not allowed. The organizer reserves the right to stop and punish the violations.

Before the end of the show, exhibitors should keep the booth complete. Dismantling can be arranged when the official freight forwarder send to you the Notice of Dismantling on the last day. Exhibitors should be liable for the storage and shipping fee caused by late dismantling after the required time.

11. CASH PLEDGE FOR CONSTRUCTION

The Organizer and National Exhibition and Convention Center (Shanghai) Co., Ltd. require that non-official contractors and exhibitors who build their booths on the raw space pay a cash pledge to the official contractor for the duration of the show.

Price: RMB 5000/booth; Methods of payment: money transfer
12. FIRE PRECAUTION & CONTROL

1) Fire department zone, hydrants
The designated fire department zones, escape ways and safety zones may not be obstructed by parked vehicles or storage of exhibition material, construction or packaging material, etc., even during the setup and dismantling times. Vehicles and objects, which are in fire department zones, escape ways and safety zones, will be towed away or removed and a charge shall be levied for this. Hydrants in the halls and the open-air exhibition grounds may not be obstructed by constructions, made difficult to locate or inaccessible. A passage of at least 1.2 metres (4 ft) wide between any temporary structure and the fire hydrant, equipment room door and fire-alarm bell contact must be guaranteed. Any behavior which could hamper the normal operation of the fire protection system and central supervising system, including the fire-alarm bell contact, the fire hydrant, fire extinguisher and fire escape is forbidden.

2) Emergency exits, escape hatches, hall aisles
All designated exits and aisles in the hall layouts shall be kept completely free of obstructions. They serve as escape ways in emergencies and consequently may not be made narrower by objects put down or protruding objects. It must be possible to open the doors of the escape ways to their complete extent from the inside. The exit doors and escape hatches and their identification may not be covered by structures, blocked or otherwise be rendered unrecognizable. Information stands, tables and other furniture may only be set up at sufficient safety distances from access and exit doors or stairwell accesses.

3) Stand construction and decoration materials
Stand construction and decoration materials must accord with the national and local fire protection regulations that all of them must be noncombustible with a burning diffusion rate not lower than Class B1. Easily flammable materials, materials that drip when burning or materials that create toxic gases such as bengaline, polystyrene rigid foam (Styrofoam) or similar materials may not be used. Decoration materials must be at least flame-proof. Normal flammable decoration materials may be used in partial areas. A test certificate of the building material class of the materials used can be requested. Special requirements can be set for load-bearing construction parts in individual cases for reasons of safety (e.g., non-combustible). Stand flooring must be laid joint-tight.

4) Explosive materials
Explosive materials may not be exhibited at trade fairs or exhibitions. This also applies to ammunition.

5) Exits, escape routes
Stands with a base area of more than 100 sqm, and an escape route length of more than 25 m or stand layout, in which the exit/escape route is not visible from every spot on the stand, must have at least two separate exits/escape routes, which should be at opposite ends of the stand. Stand layouts should be designed in such a way that there are no difficult-to access rooms, corners or niches created. Each separate room must be equipped with sufficient visual contact to the exhibition area or to the hall. Rooms that are only accessible via another separate room (so-called trapped rooms) are prohibited.

6) Safety helmet
Every personnel should wear safety helmet during the construction and dismantling period.

7) In-height construction
It is requested that all contractors get the physical examination certificate and have corresponding admission or qualification certificate for executing construction duties if the work performance is at the height of 2m and above. They should be aware of potential hazards and unsafe situations. Before starting construction in height, all contractors must wear safety helmets and belts and check the tools (e.g. scaffolding, ladders, steel cables, etc.) carefully to ensure everything follows safety regulation and are reliable. Warning signs must be in place around constructional hazard
zones. The contractors must comply with the safety rules at all times, especially working in heights. It is prohibited to work if too exhausted or sleep-deprived, or to take breaks in unsafe areas. Tools must be in good safekeeping to avoid dropping off and injuring the passengers. Sufficient lighting must be provided for construction at night. The construction must be stopped immediately and the machines and hoisting components must be fixed if heavy weather such as rainstorms, heavy fog and so on occurs. The contractors are required to clean the construction area when their work is finished. The contractors should take all responsibilities and corresponding consequences in case of any safety problems.

8) Multi-storey booth construction
The proposal and design drawings of exhibition stand are required to be submitted to the organizer for approval before the show. Outdoor stand or multi-storey booth construction is permitted at the fairground with approval of top level certified structural engineer, who is employed by exhibitor/contractor or recommended by the organizer. The stand construction must comply with public statutory regulations, such as the Shanghai Building Regulations, as well as with the terms of participation of the organizer. Any activity which affects the safe construction is forbidden, such as that the exhibitor appoints private person, individual household or companies which are unqualified or do not have any permits for construction work, as stand contractor, that the contractor carries on the extraneous work, which are not related to its contracted exhibitors’ stands, in the venue without permission, that the contractor uses the eliminable decoration materials and facilities stipulated by national government.

9) All workers entering into the Centre for specific-type work must possess “Shanghai Specific-type Operator Certificate” (electricians, welders or forklift drivers and others). Operators without certificates are not allowed to work. All relative operation rules and procedure must be strictly obeyed. Non-complying operation and supervision are strictly forbidden.

10) The contractors must carry out the construction strictly according to the relevant regulations of the venue and be in cooperation with the on-site inspection and supervision from the venue.

11) Access to Safety Equipment and Signage
Under no circumstances whatsoever may any illuminated signage, fire extinguisher, fire hydrants, or other protective equipment or material be covered or obstructed. Access to connection boxes (electricity, telephone, water, compressed air, etc.) and access ways to hall offices and equipment must not be blocked.

12) Important Notice to Exhibitors/Contractors
During the build-up/dismantling period, each booth should appoint an onsite full-time manager responsible for the safety of booth construction. The onsite manager should be reachable by phone at all time during the construction period. If the onsite manager is not reachable repeatedly, the Center and the organizer will take measures.

13. INSURANCE
All exhibitors are required to insure all items at their own expense while taking on public responsibility and protection, and ensure that their temporary employees or agents are given the relevant insurance. The period of responsibility of the exhibitor is from the exhibitor or the agent or construction company entering the exhibition hall through all the exhibits are dismantled from the exhibition hall.

The contractor specified by the exhibitor must be insured, the insured amount is 500RMB/booth. The contractor should bring insurance policy for exhibition hall admissions.
Insurance method: please visit www.yzerm.com
Navigation bar select "Exhibition Insurance" --- select "online service" --- select "(National Exhibition and Convention Center - Shanghai) 2019 Shanghai International Electronic Circuit Exhibition" --- "Click Next to enter online insurance" --- fill out the form and click "submit"---download the insurance confirmation letter.
14. IMPORTANT NOTICE

1) Additional Stand Facilities
Exhibitors are cordially initiated to FAX the order form including additional furniture and electrical equipment on or before the deadline February 27, 2019.

CONDITIONS

The conditions for rental of furniture and electrical installation are:

1. All items ordered are on rental basis and exhibitors are therefore responsible for any damages or losses.
2. For water supply & air compressor, exhibitors are required to bring along their adapter for connection to their equipment.
3. Exhibitors with very sensitive equipment are advised to bring their own stabilizer to cater for voltage fluctuation.
4. Exhibitors have to bring their own special regulating units if they require very specific water temperature or water pressure.
5. Any complaints regarding rental lights position and so on must be lodged before the show to official contractor in written form. Otherwise, all items are deemed to have been received in good order.
6. Exhibitors are not permitted to fix their own spotlights or fluorescent lights. Special lighting supplied by exhibitors can be handed over to SYMA for installation at a nominal price.
7. Exhibitors are required to mark on the plan above the position of their electrical and compressed air requirements. We will install at our discretion if we do not receive any instructions before move in. Requests for re-positioning will be subject to a relocation charge.

* Item 5,6,7 will be charged the additional fee if any re-location on-site.

Raw Space Construction (Form 5)

Exhibitors ordering raw space can choose the official contractor or entrust others with the building of their booths. Exhibitors shall declare that the nominated contractor will abide by all the rules of the show and the designing and construction will comply with the regulations enforced by the venue and the organizer.

Please fill out this form and send back to the official contractor, Shanghai SYMA-EXPO Ltd.

1. Technical drawings of the stand including perspective drawing, elevations and layout of specifications such as materials, dimension and electricity.
2. Copy of the contractor’s Business License (registered 3 years or more); copies of the Certificates for electric operators. (Valid, and the Certificates shown on site must comply with the herein submitted ones.)
3. Signed and sealed forms of NECC (Shanghai) safety responsibility and the "Safety Construction Guide"
4. Audit opinion of all two-storey stands or roof structures will exceed 50% of the exhibition area. (Published by Han Consulting & Exhibition Co., Ltd.)
5. All exhibitors must purchase a special booth liability insurance, and submitted to the organizer and the designated contractor for the record.

* Please note: Limited booth height of 4.4 m
* In the event of any occurrences caused by violation of the rules and regulations enforced by the venue during move-in and move-out, the responsibilities will be on the nominated contractor solely. The venue or the organizer are not liable for the occurrences.

Stand design/ construction information: (please mark √)
- 1. Single deck indoor stand, height < 4.4 m
- 2. Two-storey indoor stand, height < 6 m

Notes: The stand design drawings of two-storey must be reviewed and approved by Grade A Registered Structural Engineer. Related fee will be charged against the work.

Please fill in the information below (valid with company stamp only)

All Raw Space exhibitors / contractors can go to the registration hall in the southern area of the exhibition hall during the exhibition time for admission procedures. Relevant procedures include: to pay the exhibition hall management fee of 28 yuan / square meter (home contractor responsible for collection). Pay a deposit of RMB5, 000 / booth/event to the designated contractor for the exhibition by virtue of a copy of the contractor's insurance contract. After completing the relevant formalities and passing the real name certification, the construction certificate can be purchased from the exhibition hall, and the value of each construction certificate will be RMB30.

Remark: If the exhibitor/contractor submit the drawings to the reviewer appointed by the venue, NECC, for re-inspection, please clearly fill in the field of “Name of Grade A Registered Structural Engineer”. The above step can be ignored if the drawings are submitted to the reviewer appointed by the venue, NECC, for inspection.

B. Submission of Stand Design Drawings
The original file (with digital file) of the following documents must be submitted to the assigned examiner together with the form of front page before Feb. 27, 2019.

Indoor two-storey booths must be reviewed and approved by Grade A Registered Structural Engineer.

The drawings to be inspected by the examiner appointed by the venue, NECC. (2 copies):
● Effect Drawing (front, two sides)   ● Plan of Ground Floor   ● Plan of Upper Floor   ● Booth Specifications & Materials Description
● Elevations (front)    ● Cross-sections    ● Elevations (sides)    ● Structural Drawing
The drawings, which have been inspected by the register structural engineer, to be inspected by the examiner appointed by the venue, NECC. (2 copies):
● Effect Drawing (front, two sides)   ● Plan of Ground & Upper Floor   ● Elevations (front & sides)
● Cross-sections   ● Live, Static, Wind Load Calculation and Structural Drawing stamped by Grade A Registered Structural Engineer
● Structural Calculation stamped by the Grade A Registered Structural Engineer   ● Booth Specifications & Materials Description

Note: All drawings submitted to the assigned drawing inspector or NECC for review should be dimensioned in Arabic numbers. DO NOT specify only by grid, in which case, the drawings may be returned without approval. The builder shall be responsible for any delay thus caused.

All documents are to be submitted in English and Chinese. All drawings are in scale and dimension of meters. Documents submitted by fax are not accepted.

For construction and drawings of indoor two-storey booths without approval from the Grade A Registered Structural Engineer or NECC, the organizer reserves the right to prevent the construction by such exhibitors/contractors in the scope of the exhibition center.

</tr>
</tbody>
</table>

Note:
* The effective stand area refers to the rented stand area.
* Please submit the required original documents (with digital files) and forms to the official contractor for inspection or re-inspection before Feb. 27, 2019. The acceptance of late application received after the deadline is not guaranteed. If accepted, a 50% surcharge of the total amount will be incurred as overdue penalty.
* If there is any modification on the approved stand drawings, the modified drawing design is still required to be reviewed and approved. The inspection fee will be charged again.
* The organizer, the exhibition hall, and the examining and mapping company shall have the right to prohibit unpaid exhibition company from constructing in the exhibition hall.

备注

1. 组委会已经预订了房间，并商定上述优惠价格。参展/参观人员必须在2019年2月27日前通过上海英展展览服务有限公司预订房间，以享受此优惠。

2. 如需取消预订，请须至少提前15天书面通知，提前7天通知酒店以更改预订。酒店会因更改预订而收取一晚房费。

3. 入住时间为14:00，退房时间为12:00。非担保预订的房间将保留至18:00。

4. 如果客人在入住日未能办理入住手续，酒店将按实际入住天数收取全额房费。

一旦您将酒店预订表发送至上海英展展览服务有限公司，我们将通过电子邮件或传真发送酒店预订确认书。请在入住当天前，根据确认书在酒店前台办理入住手续。所有住宿费用加上所有额外费用必须在入住时在酒店前台结清。
